# Indoor cycle & Fitness Machines

## COMPANY PROFILE

A Professional Indoor cycle, Fitness Bike manufacturer In Taiwan

[www.higol.com.tw](http://www.higol.com.tw)

Royaly International (Brand name : HIGOL ) is a most specialized manufacturer of Indoor cycle, exercise bike in Taiwan, was established in 1982. With over than 20 years of solid experiences, We continually researches and develops a variety of in indoor cycle with high quality, innovative design and impressive features.

With many years of efforts into the marketing, series of indoor bikes products are introduced into the European and American markets. As a leading manufacturer of indoor cycle. We provide full range of commercial, light commercial, magnetic and home use indoor bike to meet customer's requirement, HIGOL Bikes have been well received and got very good feedback by the customers through the world.

Value-added fitness bikes for your active lifestyle.

HIGOL bikes brings you an easier, wiser and a whole new way of exercise. Keep your health with HIGOL bikes by the most leisure and carefree way at gym, club or your home at any time

### Magnetic brake system

\* Grooved Belt direct drive system.

\* Flywheel : 15kgs.

\* Square steel construction on Handle bar & seat post set

\* High performance slide system : Height , Forwards / backwards positions adjustment.

\* Different resistance control by Magnetic braking system.

\* Ultra strong BB, Axle, forged steel crank, sealed bearing

\* PU Moving Wheel for transport.

\* 20' / 40' loading : 94sets / 200sets

**PRO-68M01** ▶▶▶▶▶▶▶▶▶▶

Magnetic brake system  
Smooth and quiet for Commercial use.

- \* Grooved Belt direct drive system.
- \* Flywheel : 15kgs.
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by Magnetic braking system.
- \* Pressing knob for emergency stop.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Moving Wheel for transport.
- \* 20"/ 40" loading : 120sets / 254sets

## STD-68M ▶▶▶▶▶▶▶▶▶▶

Magnetic brake system  
Smooth & quiet for comfortable Riding.

- \* Grooved Belt direct drive system.
- \* Flywheel : 15kgs.
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by Magnetic braking system.
- \* Pressing knob for emergency stop.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Moving Wheel for transport.
- \* Console : Optional
- \* 20"/ 40" loading : 120sets / 254sets

Innovative Design ~ ~

- \* Grooved Belt direct drive system.
- \* Iron casting flywheel : 20kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height, Forwards / backwards positions adjustment.
- \* Different resistance control by brake pad braking system.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Moving Wheel for transport.
- \* 20' / 40' loading : 94sets / 200sets

PRO-34BA

## PRO-34BA, PRO-34H

Stable & durable design for Commercial use.

- \* Grooved Belt direct drive system.
- \* Precision balanced CNC steel flywheel : 24kgs
- \* Square stainless steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Wheel for transport.
- \* 20' / 40' loading : 120sets / 254sets

PRO-34H

## AIR-24JNC, AIR-24JNCG ▶▶▶▶▶▶▶▶▶▶

### Heavy duty ~

Stable & durable design for Commercial use.

- \* Grooved Belt direct drive system.
- \* Precision balanced CNC steel flywheel : 24kgs
- \* Square stainless steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Wheel for transport.
- \* 20"/ 40" loading : 115sets / 240sets

AIR-24JNC

AIR-24JNCG

**PRO-68H, PRO-68O** ▶▶▶▶▶▶▶▶▶▶

Stable & durable design for Commercial use.

- \* Grooved Belt direct drive system.
- \* Iron Casting flywheel : 20kgs, 24kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* Moving Wheel for transport.
- \* 20"/ 40" loading : 120sets / 254sets

PRO-68H

PRO-68O

PRO-68IG ▶ ▶ ▶ ▶ ▶ ▶ ▶ ▶ ▶ ▶

Durable design for Commercial use.

- \* Chain transmission.
- \* Iron Casting flywheel : 20kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system. .
- \* Emergency stop by pressing handle lever.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Wheel for transport.
- \* 20' / 40' loading : 120sets / 254sets

Durable design for Commercial use.

- \* Chain transmission.
- \* Iron Casting flywheel : 18.5kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Wheel for transport.
- \* 20"/ 40" loading : 120sets / 250sets

**PRO-88P** ▶▶▶▶▶▶▶▶▶▶

- \* Chain transmission.
- \* Iron Casting flywheel : 23kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Wheel for transport.
- \* 20"/ 40" loading : 120sets / 254sets

- \* Grooved Belt direct drive system.
- \* Iron Casting flywheel : 18kgs, 20kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* With shock absorber.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* Moving Wheel for transport.
- \* 20"/ 40" loading : 120sets / 254sets

Durable design for Light Commercial use.  
Frame with shock absorber provide comfortable riding.

- \* Grooved Belt direct drive system.
- \* Precision balanced CNC steel flywheel: 20kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system. .
- \* Emergency stop by pressing handle lever.
- \* With shock absorber.
- \* Ultra strong BB, Axle, forged steel crank, sealed bearing
- \* PU Wheel for transport.
- \* 20' / 40' loading : 120sets / 254sets

- \* Chain transmission.
- \* Precision balanced CNC steel flywheel : 20kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Pressing handle lever for emergency stop < STD-68OA >
- \* Console : Optional
- \* Moving Wheel for transport.
- \* 20' / 40' loading : 120sets / 254sets

**STD-68WA ▶▶▶▶▶▶▶▶▶▶**

High end quality for home use.

- \* Chain transmission.
- \* Iron Casting flywheel : 20kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Moving Wheel for transport.
- \* 20"/ 40" loading : 120sets / 254sets

**STD-68LB ▶▶▶▶▶▶▶▶▶▶**

High end quality for home use.

- \* Chain transmission.
- \* Iron Casting flywheel : 18.5kgs
- \* Square steel construction on Handle bar & seat post set
- \* High performance slide system : Height , Forwards / backwards positions adjustment.
- \* Multi-control different resistance by brake pad braking system.
- \* Moving Wheel for transport.
- \* 20" / 40" loading : 120sets / 254sets

STD-64F

## STD-64F, STD-64EC ►►►►►►►►►►

Home use.

- \* Chain transmission.
- \* Iron Casting flywheel: 14kgs ,18.5kgs
- \* Square steel construction on Handle bar post.
- \* Height, forwards & backwards positions adjustable.
- \* Multi-control different resistance by brake pad braking system.
- \* Moving wheel for transport.
- \* Console : Optional
- \* Container loading : 20ft : 120sets, 40ft : 254sets
